

## AFPC STRATEGIC PLAN 2020-2025

Draft for consultation June 2020

### Mission – Vision – Priorities:

- ✓ **MISSION:** Advancing pharmacy education and research in Canada
- ✓ **VISION:** Better health for all Canadians through excellence in academic pharmacy
- ✓ **STRATEGIC PRIORITIES:**
  - Pharmacy Education
  - Scholarship of Teaching and Learning
  - Innovation in Research
  - Advocacy

### STRATEGIC GOALS:

#### 1. Pharmacy Education

- 1.1. To have effective collaboration and collective action that supports national initiatives.
- 1.2. To support and promote leadership development and excellence in undergraduate and graduate education.
- 1.3. To champion culturally safe and accessible pharmacy education for all, including Indigenous Peoples.

#### 2. Scholarship of Teaching and Learning

- 2.1. To nurture a culture of teaching and learning scholarship in academic pharmacy.
- 2.2. To support members in building capacity for evidence-informed teaching and learning.
- 2.3. To have collaborative scholarship that advances the quality of pharmacy education in Canada.

#### 3. Innovation in Research

- 3.1. To support faculty and students to excel and collaborate in innovative pharmacy, applied health and pharmaceutical sciences research.
- 3.2. To support members in demonstrating the value and impact of research.

#### 4. Advocacy

- 4.1. To be the national voice for undergraduate and graduate pharmacy and pharmaceutical sciences education and research in Canada.
- 4.2. To be a knowledge resource for pharmacy education and research in Canada.
- 4.3. To have effective relationships with national research organizations and stakeholders, and to be an effective advocate for optimal resources for AFPC and its members.
