

# CPERC 2020

MAY 21 TO 24

Montreal

Canadian Pharmacy Education and Research Conference

## Assessment of Student Performance in PharmD Programs

### Post-CPERC Assessment Symposium

May 23-24, 2020 | Hotel Omni Mont-Royal | Montréal

#### SYMPOSIUM DESCRIPTION:

AFPC's Educational Assessment and Program Evaluation Special Interest Groups (SIGs) will be hosting this event. Please join us for an informative symposium that will explore current assessment issues and approaches to addressing them in the classroom, skill labs and practicum contexts of pharmacy education.

You will:

- **Be invited** to participate in sharing challenges and successful practices of educational assessment.
- **Be immersed** in discussions about the educational value of assessment.
- **Learn** from colleagues with expertise and experience in assessment who are willing to share lessons learned from their assessment practices.
- **Increase understanding** of alignment, assessment formats, feedback, reporting, grading and assessment-remediation connections.
- **Receive** an educational assessment resource.

Whether you are relatively new to teaching or have taught for many years, this symposium will be beneficial. You will have the opportunity to engage with pharmacy educators from across Canada to identify ways to improve educational assessment, including validity and efficiency.

#### SYMPOSIUM PROGRAM:

Saturday, May 23: evening dinner session – 6:30 pm to 8:30 pm

Sunday, May 24: morning session – 8:30 am to 12:30 pm

##### Evening Session:

###### What are the assessment challenges you are dealing with? What approaches have worked for you?

- After dinner, we begin with an opening discussion that will provide an opportunity to integrate assessment challenges and opportunities with feasible approaches for improved assessments.

##### Morning Session:

###### Creating an environment for assessment strategies and practices that allow for valid inferences about student learning.

- Multiple sessions that focus on the issues put forth in the symposium objectives and the issues raised by participants from the opening discussion on Saturday.

#### REGISTRATION:

**Register now** – space is limited. Registration for this Symposium is not included in the CPERC full conference registration fee. The additional registration fee is \$275 (AFPC members) & \$325 (non-members); includes dinner on May 23, breakfast and morning break on May 24.
