

Lecturer and Coordinator, Faculty of Pharmaceutical Sciences

Applications are invited for a 14-month full-time leave coverage position as Lecturer and Coordinator, Office of Experiential Education (OEE), Faculty of Pharmaceutical Sciences, UBC. The desired start date for this position is **May 6, 2024**.

The successful applicant will primarily work with and report to the Director, OEE, to coordinate outpatient-based experiential courses in the Entry-to-Practice PharmD (E2P PharmD) and Flexible PharmD (Flex PharmD) programs; provide support to the practicum and research experiential courses in the Bachelor of Pharmaceutical Sciences (BPharm) program; sustain and build placement capacity for experiential education; support students experiencing challenges during OEE courses; identify and facilitate initiatives and opportunities to promote student engagement; and conduct scholarship in experiential education.

Duties and Responsibilities

- Contribute to the coordination and ongoing refinement of experiential courses within the E2P PharmD, Flex PharmD and BPharm programs
- Explore and develop new opportunities to collaborate with experiential partners
- Ensure course materials and activities are reflective of current and future pharmacy practice and guidelines and actively engage students in meaningful learning experiences
- Apply best practices and continuous quality improvement for course development and delivery
- Willingness to respect diverse perspectives, including perspectives in conflict with one's own.
- Demonstrate a commitment to enhancing one's own awareness, knowledge, and skills related to equity, diversity, and inclusion
- Serve as a liaison to experiential sites in matters pertaining to student placements
- Participate in student learning activities and progress, providing feedback to students and other stakeholders as necessary
- Contribute to the design and delivery of experiential partner training, development and recognition programs
- Identify, select, and modify instructional resources to meet the needs of the students
- Assist in assessing changing curricular needs and offer plans for improvement
- Supervise/co-supervise graduate or undergraduate students for any project or course-related work
- Communicate effectively, both orally and in writing, with students, faculty, staff and other professionals
- Increase the profile of the Faculty and OEE within the pharmacy community
- Pursue scholarship and research activities in experiential education
- Perform other related functions as required by the Director, Office of Experiential Education

The successful candidate will be expected to participate in the academic life and teach/supervise learners in the Faculty of Pharmaceutical Sciences. They will be an innovative teacher who will integrate technologies and new approaches to learning into our curriculum. The successful individual should possess exceptional communication and problem-solving skills, be able to work effectively and contribute within a team environment, and maintain positive working relationships with a variety of stakeholders. Preference will be given to an individual with current and active experience in precepting, coaching and mentoring students and those that operate from a solid understanding of outpatient pharmacy practice.

Applicants must have a Bachelor's degree in Pharmacy or a PharmD, and must be eligible for licensure in British Columbia. Completion of an accredited pharmacy practice residency or post-graduate Pharm D is an asset. The expected salary range is \$80,000 - \$110,000 CAD. Salary is negotiable, commensurate with experience and is subject to final budgetary approval. Applications, including a letter of application, curriculum vitae and the contact information of three references must be submitted online by **Feb 15, 2024**

The UBC Faculty of Pharmaceutical Sciences is committed to creating an inclusive environment for research and teaching excellence, where differences are recognized, accepted and valued. We acknowledge the impact of systemic discrimination within academia and are committed to dismantle systems of oppression that have led to inequities in representation. Our recruitment practices reflect the goals of increasing equity, diversity, and inclusion within our Faculty. We specifically encourage applicants from historically marginalized groups to apply for this position. We recognize the legitimate impact that systemic discrimination can have on a candidate's record of scholarly achievement and will take this into careful consideration during the assessment process. Accommodations are also available on request for all candidates taking part in all aspects of the selection process. To confidentially request accommodations, please contact pharmsci.hr@ubc.ca.

Equity and diversity are essential to academic excellence. An open and diverse community fosters the inclusion of voices that have been underrepresented or discouraged. We encourage applications from members of groups that have been marginalized on any grounds enumerated under the B.C. Human Rights Code, including sex, sexual orientation, gender identity or expression, racialization, disability, political belief, religion, marital or family status, age, and/or status as a First Nation, Metis, Inuit, or Indigenous person.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.
